

JHF provided a lecture for “Training Program for the Proper Development of the Construction Industries in Asian Countries” hosted by Ministry of Land, Infrastructure, Transport and Tourism

Japan Housing Finance Agency (“JHF”) provided a lecture on “Housing Finance System” on September 18, 2018 as part of the above training program hosted by Ministry of Land, Infrastructure, Transport and Tourism (“MLIT”) at the College of Land, Infrastructure, Transport and Tourism.

In this program, MLIT invited government officials from Asian countries, mainly from ASEAN countries, and offered the curricula on Japan’s systems related to land and construction and site-visits for the purposes including capacity building of the government officials of these emerging countries.

A lecturer from JHF introduced systems, products and business structures, etc. which have been implemented in accordance with the government’s housing policies since the time of JHF’s former organization, the Government Housing Loan Corporation, to the present time.
